Bale netwraps by Zill

The premium quality round bale wrapping net for professionals

Polywrap[®] PREMIUM
SIDE to SIDE ...the best decision

Our experience – your safety

Polywrap Premium round bale nets are regularly adapted to the newest developments in press technology.

Polywrap Premium has an improved spreading characteristic, so that it runs in the complete width of the bale. It ensures an edge to edge (side to side) wrapping on all makes and models of machines and meets the highest requirements. The high net quality ensures a maximal

bale rate per hour, thus being unbeatable in the cost/utilization ratio.

Look out for the red and black edge string... **the best decision!**

On request, we also deliver DLG-proved nets.

material:	UV-stabilized through HDPE with antistatic-additive
color:	transparent with red/black edge string
core length:	1.240 mm +/- 2 mm
core width:	76 mm
roll width:	0,60 m; 1,23 m; 1,25 m; 1,30 m +/- 10 mm
roll length:	2.000 m; 3.000 m
tear-resistance:	2350 N with 1,23m
